

WHITE & GOUGH, INC.

Great Sensation.

A bargain cyclone has struck the old town of Lumberton. One man's loss is another man's gain. We have just closed a deal with a Trustee in Bankruptcy for an immense stock of General Merchandise. We have made many good deals, but hardly think we have ever made a better one than this, as the stock is practically new, all of it having been bought within the past few months. We may have bought goods cheaper before, but we have never bought such reasonable goods so much under priced. This bargain event should crowd our store from morning until night with an eager throng of shoppers. This stock of goods will be placed on sale in our Big Department Store at Lumberton, Friday, March 4th, and we invite the good people of Robeson and adjoining counties to come early and get the pick of the matchless bargains which we will offer.

The mere fact that our business is increasing rapidly is the best evidence that the public appreciates our efforts to furnish the world's best bargains. In addition to this bankrupt stock there is a great stream of merchandise flowing into our Mammoth Department Store every day. Our Mr. Gough is going up and down

this great country of ours devouring bargains in all lines right and left. Each day brings its sensation; bargains like you will find here are not to be found every day; things that you have thought to be out of your reach are now placed before you for a little of nothing—dimes, dollars, yes, even pennies will do mighty work in our store. Bargains in every department, bargains unusual, bargains galore, nothing but real bargains, emphatic money—saving bargains can stir up buying enthusiasm at this season of the year. We have neither time nor space to quote prices in this advertisement, but urge you to come and see for yourself. We sell everything and sell it for less.

In conclusion we call attention to our Wholesale Department. This Department is for Merchants only. We guarantee to sell you as cheap as any jobber and will save you freight. We have on hand more than 15,000 pounds of tobacco of different brands, 25c. per pound.

Thanking you for your liberal patronage in the past, we beg to remain

CHURCH NOTES.

New Life at Cedar Grove— Work Progressing Nicely.

To the Editor of The Robesonian:

February has exhibited some very fine specimens of winter. We are glad to report several pneumonia patients convalescent.

Our church work is progressing nicely, especially in consideration of the inclement weather which has been somewhat adverse to very large attendance upon the regular services; but we hope spring will soon open up and then the interest will increase both in church and Sunday school attendance.

Our church at Cedar Grove has taken on new life and is moving forward along all lines. It will be recalled that this church lost its house of worship by a forest fire April 13, 1908. But the members, though few in number, have patiently labored together until they have succeeded in the re-building of a very creditable house in which to worship. Last year it had no pastor and of course made no showing before the Association, but it was its pleasure to invite the writer to take charge last November and so far nine members have been added to its list, which shows more additions than it has had in a goodly number of years in the past; and still others are expected. The Sunday school is moving on nicely under the efficient management of Mr. C. Arnette and his consecrated corps of teachers.

Revs. R. L. Byrd and R. N. Cashwell have recently favored our people with some very fine sermons at the school auditorium of East Lumberton, the memories of which still bring forth very pleasant comments.

We are delighted to hear so many good things about the revival meeting recently held at West Lumberton by Rev. S. J. McConnel. He seems to have but one chief concern—the salvation of souls.

In all of our seven years of service at Beulah and five years at Raft Swamp we have never enjoyed more pleasant and harmonious relations, and the work has never been easier nor more satisfactory than at present. To the Giver of all good

READ THIS ADVERTISEMENT AND MAKE YOURSELF ACQUAINTED WITH SOME GOOD OPPORTUNITIES.

We have on hand at all times something for sale, and we are always open for the purchase of anything that can be handled at reasonable prices.

We are frequently closing deals, because we handle bargains. Inquire into what we offer for sale and be convinced.

For immediate sale 11,000,000 feet of timber, half long leaf, half short leaf, in the county between Lumberton and St. Pauls—railroad running through. A great opportunity for saw mill man or timber dealer.

We have 1,000 acres in two tracts, 500 acres each, situated about five miles North-East of St. Pauls, in a good community. One tract has about 200 acres cleared with seven tenant houses, good barns, etc. The other tract has some timber on it and 300 acres of it can be easily cleared. The cleared land on this property rents well and the 1,000 acres, both tracts, can be had for less than \$20,000, part cash and balance on time.

For Sale in the Town of Lumberton.

A beautiful lot with nice two-story residence, well situated. House is renting for \$14.00 per month. Will sell for less than \$2,500. Terms right. We also have another house and lot that we can sell for about \$2,000, but the best proposition we have to offer in the town is a vacant lot on MAIN street opposite Mr. R. D. Caldwell's residence. This is the only available piece of property on MAIN street within 400 yards of the court house. Lot has a 38-foot frontage and is 125 feet deep, with privilege of an alley. This property will not be on the market long and any one desiring to purchase it should apply at once. We have a nice half-acre lot on Second street extending through to First and is only three blocks from MAIN street. This lot fronts two streets and is desirable property—bargain for somebody.

Saved a Soldier's Life.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, Colds, LaGrippe, Asthma, Hemorrhage, Hoarseness, Croup, Whooping Cough and lung trouble, it's supreme. 5c. 10c. Trial bottle free. Guaranteed by all druggists.

A General Strike Seems Certain.

Philadelphia Dispatch, 2d.

A universal strike of Union workers and their sympathizers, to begin at midnight Friday, was proclaimed by the Central Union of Philadelphia and vicinity at a meeting tonight. The strike leaders declare that 100,000 men will stop work at that hour if the Rapid Transit Company shall not in the meantime have consented to arbitrate its differences with the striking car men.
